Subject: Submission of Research Monograph on "**Corporate Social Responsibility in Bangladesh: In Theory and Practices "**

Dear Sir,

This is a great pleasure to submit the Research Monograph on **"Corporate Social Responsibility in Bangladesh: In Theory and Practices "** as a partial requirement for the fulfillment of my LL.B course under the Department of Law of the Sonargaon University (SU).

I have given due efforts to make this Research Monograph as fruitful one and to make it as informative as possible. I hope that this paper will not be the formality of academic course completion rather, it will be a source of information for other purpose on this topic.

Yours sincerely

.....

Acknowledgement

***In the name of Allah, the Beneficent, the Merciful".** Praise by Allah & thanks to Allah for patronizing me to finish this Research Monograph. I am very happy to finish it. It is a great Research of my life. It is a long cherished hope of my life to become a great lawyer. That's why I have admitted in the Department of Law in Sonargaon University (SU) to fulfill my dream. But through my whole study life in this field, I did not get much more opportunities to examine and show my knowledge and skill in this wide field. Lastly I have got a great chance to make my study meaningful when I got the chance to prepare a Research Monograph on **Corporate Social Responsibility in Bangladesh: In Theory and Practices**

I acknowledge my grateful to respected course teacher **Sanjoy Pal** for instructing me how to prepare a Research Monograph and on this subjects he helped me to complete my task sincerely.

I am also thankful to my classmate as they help me to complete the Research Monograph. I am extremely paying my solitude to all the authors and writers whose works help me to draft this original Research Monograh.

Overall I am thanking everyone who inspired me to write this Research Monograph.

Thank you

ABSTRACT

The success of modern business is apparent, but recently there is much concern in the business-and-society literature and in the general press on whether business fulfils its social role responsibly. Business ethics, corporate social responsibility and corporate governance movements have been developed in recent decades as responses to a growing sense of corporate wrongdoing. The term paper is about the certain impact of corporate social responsibility on organizational performance. The research paper follows the interpretive philosophy and potential deductive research approach to attain those specified objectives. The research design of the term paper is certain descriptive research design and the crucial quantitative research method is also applied in this research. For collecting the necessary primary data, there is conducted a survey where the respondents are interviewed by a close ended questionnaire. In this research paper, the non-probability sampling method is used to determine the 100 samples. In the data collection process, the questionnaire is designed by using five-point Liker scale. So, the survey is effective for gathering essential data for the research to identify the impact of corporate social responsibility on organizational performance.

After the successful survey and data collection, the analysis of the survey responses is illustrated and described by using various different statistical figures, graphs, charts, tables. From the survey analysis, the research paper represents certain major findings and recommendations. Through the data analysis the research is identified the purpose of research. So, the research is determined the positive and effective impacts of the corporate social responsibility on organizational performance. So, by these research outcome, the learners and the organizations can utilize the information to better knowledge and implementation in practical use appropriately. So, the organizations should properly emphasize on the identified factors of corporate social responsibility to improve the organizational performance.
